**MOUNTS SECURITY CAMERAS, etc
on an EXTERIOR WALL or CEILING**

**CAM-KIT™
SC5**
for cameras with
base diameter
under 4.5"

Soffit (or eave) mount

NEW!

Arlington's **8161TR** non-metallic box offers flexible solutions to mounting security cameras, detectors or other items outdoors! You can install a power or low voltage security camera (with mounting holes wider than 4.5" apart) on the box and mount it to a wall or ceiling.

The 8161TR box has positionable threaded openings so you can install additional cameras or other items later. Holds up to 50 lbs on a ceiling; 10 lbs on a wall.

Installation options for security cameras!

Facing Down on an Exterior Wall

8161BR box has a sturdy, built-in mounting bracket.

Mounted on a Rod Facing Down

A threaded base plate on the back of 8161BP box delivers extra protection against moisture.

8161 series...

- UV rated for long outdoor life
- For interior/exterior use in dry, damp or wet locations
